

Annual Giving Tree Project

The holidays can be difficult especially for families in need. CHASEN's annual event "The Giving Tree" assists our neighborhood community each December.

Each year we help to provide for families with children. Referrals come through local churches, HART or through our local schools. The number of families we assist depends on gifts from our community.

Contact CHASEN with any questions or if you'd like to donate Cash, Check or Gift Cards to this annual project. You will receive a tax-deductible receipt.

We want families in need to enjoy a memorable Christmas.

We really appreciate your participation with our neighborhood giving project.

The following community members have answered the call to generously donate to the annual request for holiday support:

We Thank our Friends and Supporters of CHASEN
